Dalmac makes \$2.7 million purchase

Edmonton, Alberta – John Babic, President and CEO of Dalmac Energy Inc. ("Dalmac") (TSX Venture "DAL") announces has purchased an additional \$2.7 million worth of operating equipment.

On or before the middle of December 2005, Dalmac Energy Inc., through its subsidiary McClelland Oil Services Inc. expects to take delivery of the following equipment:

- 1 - 2006 International 4x4 Hydro Vac
- 1 - 2006 Kenworth Combo Vac Tri drive
- 2 - 2006 Kenworth tandem, 16 cube tankers
- 1 - 2006 Kenworth twin steer Hot Oiler
- 1 – 2006 Kenworth Tri drive Hydro Vac
- 1 – 2006 International 4x4, 3 ton, Mini Pumper
- 1 - 2006 Aluminum Tridem Pup
- 3 - 2006 Steel Tridem Pups

After the completion of the above purchase Dalmac will have about 67 operating units, of which 12 are owned by subcontract operators.

With the current company fleet of oilfield service units operating at full capacity, the additional purchases will enable Dalmac to meet the continued demand for its products and services.

Dalmac expects increased levels of hydrocarbon drilling and production activity on a going forward basis. This increased activity along with the expansion of Dalmac's operation fleet and further expansion into the territories of Hinton and Grande Cache, Alberta, provide a positive outlook for the balance of 2006 and into 2007.

Dalmac, through its subsidiary McClelland Oilfield Service Inc. is a provider of hot oiler, vacuum, hydro vac, pressure and tanker truck services as well as methanol/glycol delivery and distribution services.

WARNING: The company relies on litigation protection for "forward-looking" statements.
